**“KNOWLEDGE IS A TREASURE, BUT THE PRACTICE IS THE KEY TO IT”**

Dear Parents,

Knowledge is power but knowledge does not always come with power. Knowledge is the state of awareness or understanding gained from experience or study.

Knowledge plays an important role in all spheres of human life and activity. It is a powerful factor which helps us attain success, power and position.

While there is no doubt that physical strength and money are instruments of power and that one who is physically strong commands power over others, knowledge offers a far higher degree and dimension of power.

Knowledge directs our actions and enables a person to find the difference between right and wrong, good and bad. It helps one overcome weaknesses and faults and face dangers and difficulties with courage and confidence. It gives one mental, moral and spiritual advancement. Besides this, it is through knowledge that man has gained mastery over nature.

There may be various situations in our lives, where our knowledge shines through. It shapes our personality and contributes to our well being. It empowers us to question what we have learned, and therefore, get a deeper understanding of complex concepts. Knowledge is power because it equips people with the information and skills necessary to obtain success. While achieving our own goals, we are able to contribute to the development and growth of our communities and countries. We are able to add meaning to our lives. Knowledge helps us fulfill our life's purpose.

**"If we want to be a real winner in our life, we need to gain an excess amount of Knowledge"**

## NARI SURAKSHA - MISSION SHAKTI

The Government of Uttar Pradesh has launched a 180 day campaign NARI SURAKSHA- Mission Shakti to empower and protect girls and women. To celebrate the campaign, The Avadh School organized an Inter-House debate, painting, drawing and poem competition on 30.10.2020. Teachers and students virtually participated in the events with great enthusiasm.

## HALLOWEEN DAY

Halloween's origins can be traced back to the ancient Celtic festival known as Samhain, which was held on November 1 in contemporary calendars. It was believed that on that day, the souls of the dead returned to their homes, so people dressed in costumes and lit bonfires to ward off spirits. In this way, popular Halloween tropes such as witches, ghosts, and goblins became associated with the holiday. Halloween is celebrated every year on 31st October. The Avadh School students virtually celebrated Halloween by painting their faces and dressing up like ghosts.
